BE A PART OF CRICKET'S FUTURE

Coaches play a vital role in enabling players to reach their potential. The Coach Education Programme offers a range of courses to suit you and your aims – whether you want to coach young people & adults, or children (or both)

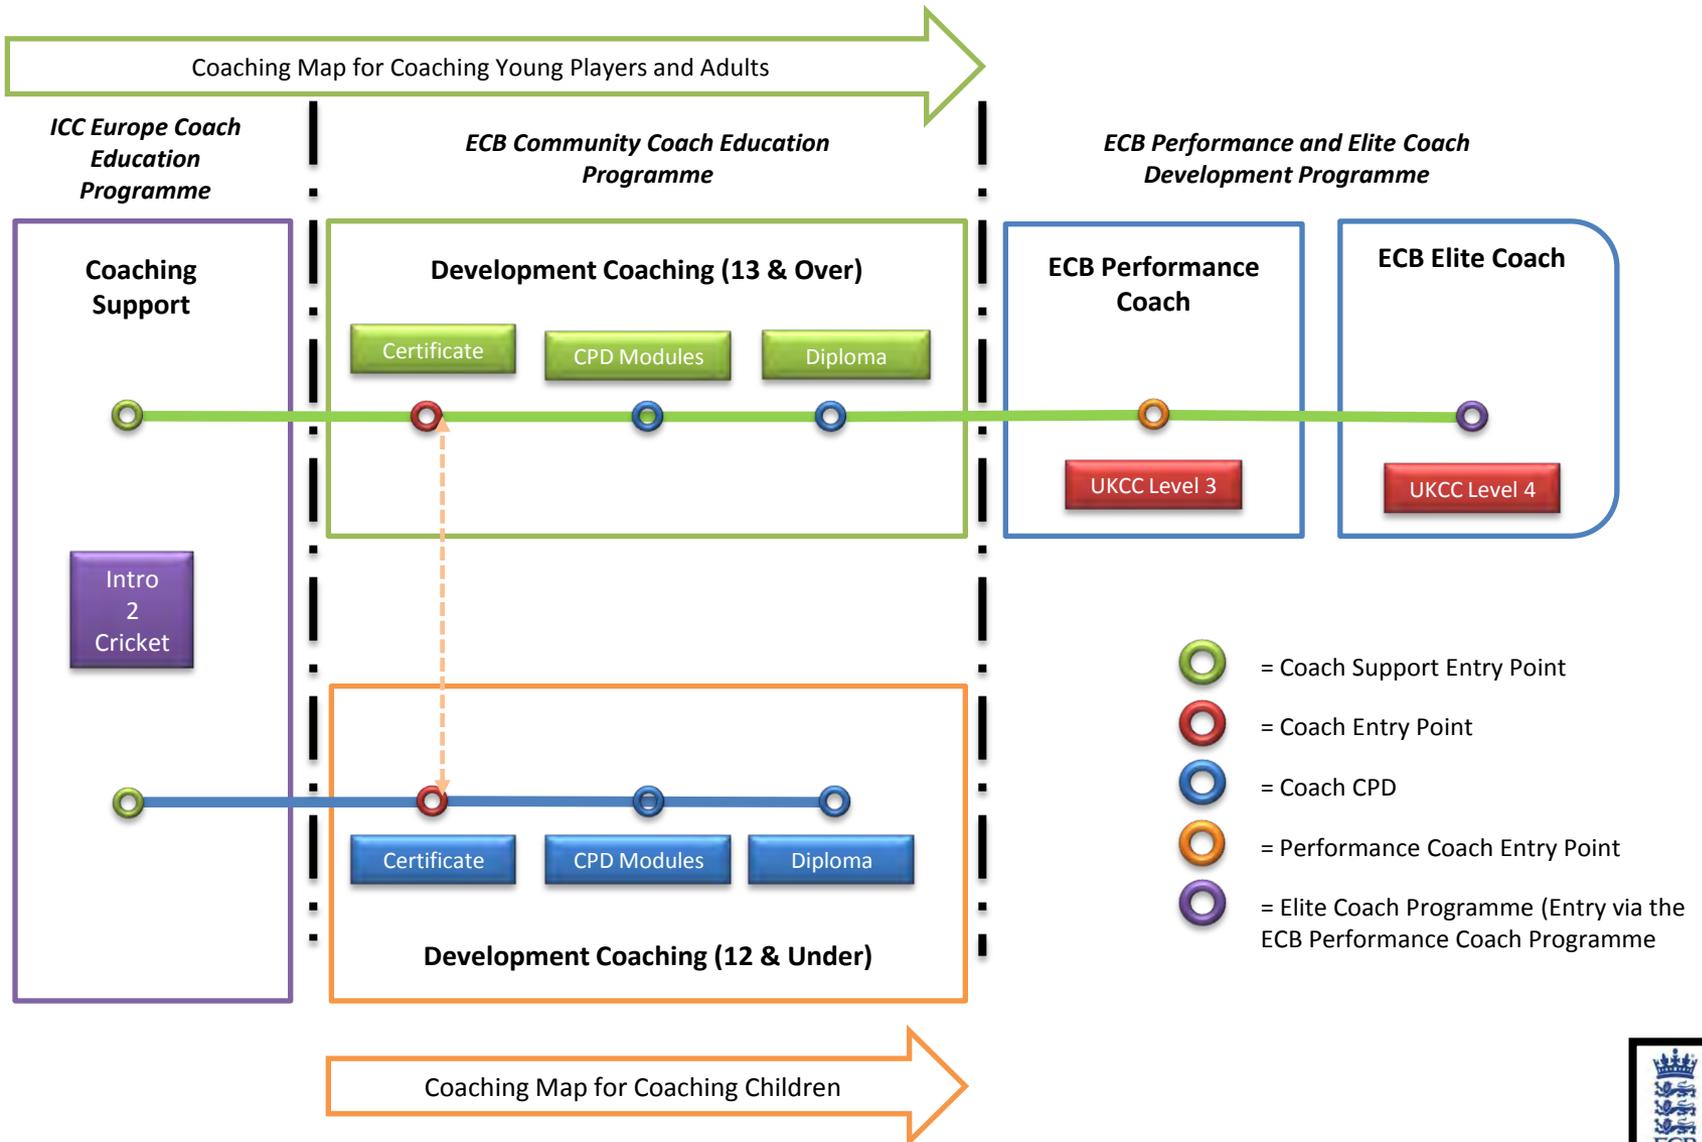

The courses will help you understand players and their needs, increase your coaching knowledge and improve your practical coaching skills. This will help you improve players' experience of the game and help you help players be the best that they can be.

“The interesting thing about coaching is that you have to trouble the comfortable, and comfort the troubled”

Ric Charlesworth
