

The Norwegian women's team is all set to travel to Spain. The team will be traveling to Desert Springs on Thursday Nov 10 to play against Italy, Isle of Man, Sweden and host Spain.

Along with indoor training, the team had weekly meetings with the coach to improve knowledge on the theoretical side of the game.

“ This team is a combination of experienced players and players from the development squad. They are very passionate about the game and worked really hard to improve their skill level. We are going out there to play positive cricket, learn, execute our plans and most importantly to inspire Women_In_Norway (WIN) to take up this beautiful sport ”
